CONSTRUCTION LITIGATION

Our team has successfully managed complex multiparty construction litigation, arbitration and procurement matters, including administrative hearings and bid protests. Our attorneys regularly defend, prosecute and arbitrate matters on behalf of construction clients before administrative hearing officers, governmental agencies, private arbitrators, and state and federal courts. Areas of litigation expertise include:

- Construction defects and claims
- Commercial and residential contract disputes and claims
- Commercial and residential building disputes and claims
- Construction liens
- Contractor representation
- Insurance and surety disputes and claims
