

ENVIRONMENTAL

ENVIRONMENTAL ASSESSMENT

Gallagher & Kennedy environmental attorneys assist clients with evaluating and managing their environmental risks by developing and implementing sophisticated and comprehensive environmental assessments. With our breadth of expertise and extensive experience with environmental assessments, we are able to develop assessments to meet a client's needs in a cost-effective manner.

Our environmental assessment services are performed in a manner to maximize confidentiality and security. We have performed over 100 environmental assessments in numerous states for large mining and manufacturing clients, airlines, and utilities.
