### INTERNET

Gallagher & Kennedy attorneys who work in the internet focus area counsel clients on a variety of intellectual property and closely related issues that arise on the Internet, including protection of intellectual property online. We are experienced in handling claims brought under the Uniform Domain Name Dispute Policy (“UDRP”) and the Anti-Cybersquatting Consumer Protection Act (“ACPA”), both in federal court and before arbitration panels. Our attorneys also counsel clients on the use of social media, help prepare social media policies, and assist in managing domain name portfolios.
